EXPERT PRE-SCHOOL & DAYCARE BY EUROKIDS

As experts in childcare, we at EuroKids have always understood that leaving children at home, while being away at work, can be quite stressful for employees.

In the wake of the Maternity Benefit Act 2017, which mandates that companies with more than 50 employees provide a DayCare or Crèche facility within a prescribed distance from the workplace, we bring to you EuroKids DayCare.

It's an exclusive daycare facility in your workplace vicinity, to help your employees focus better on work and also be close to their toddlers while we take good care of them.
